General

- I understand and agree that, as part of my registration process, I will receive two further EWA documents: (the "Student Information & Policies Handbook", (which is a document that essentially details the relevant policies which are already shown on the website, but in more detail); and a second document: the "Course Introduction & Syllabus", immediately after EWA has received the total course payment; and that these documents are to be read in conjunction with this Registration form, and so jointly constitute the agreement between myself and EWA.
- The above course fee only covers those costs as specifically set out in the Course description.

- Module exam fees (at €35 per module) are compulsory and are paid at the commencement of the courses, together with the course fee and the registration costs of €85.
- I understand that English is the language used in all courses.
- If I decide to discontinue with my course, at any stage, and for whatever reason, I will not be entitled to any repayments. The same applies if EWA cancels my registration due to my continued (after ignoring two written warnings) lack of progress, i.e. not submitting my assignments regularly.
- I consent to the jurisdiction of the Belgian courts in the event of any legal dispute between us.
- This registration is not valid unless signed by the student and payment of the amounts above have been received in full by the EWA.
- The date of the student's signature shall be the date of registration for all purposes hereunder.

Payments

- Payment should preferably be made by standard SWIFT bank transfer (to keep costs for students low), through your bank. Instruct your bank to pay the full sum (including the bank costs) into our bank account (see details below) using our bank's international codes (see below).
- Remember to include the standard registration costs of €85, and the compulsory module exam fees (@ €35 per module exam). If you want the Sommelier (€15), also add the shipping costs.
- All bank costs have to be paid by the student, so that EWA receives the full payment, without the deduction of bank, transfer costs or credit card costs. Make sure your payment contains a reference to your name and course and it is paid into our bank account below (all bank costs to be covered by yourself, so when arranging payment through your bank make sure that you first enquire what the total bank costs will be, and add that on to the course fee and registrations costs).
- However, should you nevertheless prefer to pay by credit or debit card, you will find in the '*Credit or Debit Card*' section, on the website, ten of our most popular courses where you can use your credit or debit card. The total sum for each of those ten courses includes: the course fee, the registration costs and the relevant module exam costs. Please make sure that you use your card's billing address when you complete the Order- if you use another address the payment will not go through.

Our bank details: (if you intend paying by bank transfer):
